TARIFF BILL IS DENOUNCED WORKING FOR IRISH PEACE

CONCILIATION FORCES LED BY SMUTS, WILL MEET WITH DE VALERA

(By Associated Press)
LONDON, July 7.—The forces of conciliation, led by Premier Smuts of the Union of South Africa, are bending every effort to find a solution of the Irish problem. Sinn Fein and Unionist leaders from South Ireland will meet in Dublin tomorrow, and it is probable that the earl of Middleton, one of the Unionist chieftains, who has been in conference with Premier Lloyd George, may take with him some statement of the government's position when he leaves for Dublin today.

Premier Lloyd George stated in the house of commons today that he understood General Smuts, the South African premier, went to Ireland Tuesday on an invitation from De Valera. Asked whether he conferred with General Smuts before the general went to Ireland, Premier Lloyd George replied laconically he was seeing General Smuts constantly.

In answer to another query, Mr. Lloyd George said that none of the dominion premiers would attend the proposed Irish conference in London to which De Valera and Sir James Craig, the Ulster premier, have been invited.

The question as to whether General Smuts would attend Friday's meeting in Dublin between De Valera and the Unionists was settled in the negative when it was announced that Smuts would not go to Dublin.

NO TRACE FOUND OF KIDNAPPED EARL OF BANDON

(By Associated Press)
BELFAST, Ireland, July 7.—Although numbers of police and military are scouring the country in search of the kidnapped earl of Bandon, no trace has been found. It is believed here the place of detention is being changed daily and he is being held as a hostage for the safety of some condemned republicans.

ACTION ON BEER PERMITS WILL BE DEFERRED

(By Associated Press)
WASHINGTON, D. C., July 7.—Action on permits to manufacture medicinal beer will be deferred for a week or two. Secretary Mellon said today the house bill to prohibit the sale of such beer had been favorably recommended to the senate by the judiciary committee and Chairman Sterling expects to bring it up within a few days.

HUN OFFICER IS CHEERED WHEN GIVEN LIBERTY

(By Associated Press)
BERLIN, Germany, July 7.—The Tageblatt says that Lieutenant General Stenger, on leaving the courtroom at Leipzig after his acquittal, was hailed with loud cheers. The four Frenchmen who attended the trial on behalf of the French government, the newspaper asserts, were received with cries of "shame."

CONVICT'S PRISONERS ON ROAD TO RECOVERY

(By Associated Press)
HOOD RIVER, Ore., July 7.—Mrs. T. J. Miller and daughter, Pearl, are today recovering from nervous collapse as a result of being kidnapped by Luther Fagan, an ex-convict, who was shot to death by a civilian posseman late yesterday after taking them and a boy captive in Miller's automobile to a grove near here.

APPOINTMENTS BY PRESIDENT ARE ANNOUNCED

(By Associated Press)
WASHINGTON, D. C., July 7.—Nominations by the president today were: John C. Ing, Sacramento, registrar of the land office; Grover L. Johnson, Sacramento, father of Senator Johnson, receiver of the land office; Joseph E. Gedler, Yerington, surveyor general of Nevada; Annie M. Martin, Carson City, assayer in charge of the mint at Carson City.

FULL PAY VACATIONS PROVE UNPOPULAR

(By Associated Press)
SAN FRANCISCO, Cal., July 7.—Vacations on full pay are extremely unpopular with lighthouse keepers, according to H. W. Rhodes, superintendent of lighthouses of the California coast. Although they are given 30 days every year on full pay, just like other government employees, most of them come back to work in 10 or 15 days. Rhodes says that they either have not sufficient money for a full vacation or else they tire of inaction.

ASK INFORMATION ON TONOPAH MAN

The authorities at Bishop, California, have requested the local authorities to furnish them information regarding the behavior of Ira Pooler while a resident of Tonopah. Pooler is held in jail at Bishop upon a charge of full-breaking and has asked for probation as provided under the statutes of California. While a resident of this town Pooler was employed at the Belmont mine, and so far as known always conducted himself in an orderly manner.

RAILROADS TO RECEIVE LARGE SUM FROM GOVT.

(By Associated Press)
WASHINGTON, D. C., July 7.—Secretary Mellon announced today that under the provisional refunding arrangement with the railroad executives, the carriers would receive approximately \$500,000,000 in additional advances from the government within the next six months.

All claims and counter claims between the railroads and the government rising out of maintenance expenditures during the control period are involved in the negotiations, Secretary Mellon indicated, and where agreements for advance are completed some sort of compromise agreement will result. Secretary Mellon indicated that additional appropriations will be sought from congress to make the advances. He said he believed the advances to the roads would be beneficial to the general situation and might result in a resumption of business activity.

BUDGET OF NYE COUNTY FOR NEW YEAR COMPLETED

The Nevada tax commission has completed compilation of county and city budgets for the year 1921, and it is found that the total expenditures provided for in Nye county will amount to \$358,680, not considering the sum of \$55,320.27 which is provided for special districts. The tabulated statement shows that the revenue derived from taxes in this county will amount to \$294,000, with an additional revenue of \$64,680 to be received from other than taxes.

The general expense fund is given at \$224,250, with special fund of \$17,760; indigent fund, \$20,000; highways and street, \$19,500; educational, \$70,250, with special fund of \$16,230.27; bond interest and redemption, \$21,680, with special fund of \$6,490. The estimated tax rate is given at \$2.80.

In the total expenditures to be made during 1921 Nye county stands third with \$414,000.27. Washoe is first with \$1,027,913, and Elko county second with \$737,838.50.

SHIPMENTS START FROM SILVERHORN

J. W. Dunfee has started shipping from the great orebody opened recently by him on the 530-foot level of the Orleans at Hornsilver and he is prepared to continue indefinitely, according to the Tribune. Dunfee now has both the MacNamara and Belmont mills at Tonopah at which to market his ore and he has sent the first three carloads to the MacNamara. Two of these shipments are estimated to be worth \$32 and \$49 per ton and the value of the third has not been estimated.

The oreshoot has now been opened for a length of 120 feet and the drift is still in it, according to Dunfee, who says he is raising at the present time, but that he has not yet determined the full width of the orebody by crosscutting.

GO TO BAKERSFIELD!

(By Associated Press)
BAKERSFIELD, Cal., July 7.—The maximum temperature here today was 118.

APPOINTMENT OF FREY TO SHIPPING BOARD IS DENIED

(By Associated Press)
WASHINGTON, D. C., July 7.—Albert D. Lasker, chairman of the shipping board, today denied a report from San Francisco that the position of director of operations had been accepted by A. J. Frey of San Francisco. Lasker said that no one had been offered the position yet.

BRIDGING OF FRISCO BAY SAID FEASIBLE

(By Associated Press)
SAN FRANCISCO, Cal., July 7.—It is possible to build a combination bridge and tube structure across San Francisco bay for \$40,000,000, in a construction period of three years and eight months, John Vipond Davies of New York and Ralph Modjeski of Chicago, noted engineers, reported to the committee formed to handle the bridge project.

The plan as outlined calls for a tube extending 3900 feet into the bay from the industrial center of South Market street, San Francisco's principal business artery. The tube will lead to a bridge structure 1200 feet long, which in turn will be connected with a concrete causeway fill-in or more leading to approaches south of the proposed naval base at Alameda.

MORE TIME GIVEN FOR EQUALIZATION

Because of a change made in the law at the last session of the legislature, the date of holding the final meetings of the county boards of equalization has been changed from the second to the fourth Monday in August. County commissioners of the Nevada counties have been notified by the secretary of the tax commission.

The change will give county boards two weeks additional time in which to complete the task of equalization in the counties, and will relieve the state board from consideration of local assessment matters. Taxpayers will be benefitted by greater opportunity to appear before their own boards and secure relief without being compelled to appeal to the state board at Carson City.

The tax commission will this year be unable to investigate assessments in counties because of the lack of funds.

HEAT WAVE HOLDS SWAY IN CALIFORNIA

SAN FRANCISCO, Cal., July 7.—Extremely high temperatures continued today over this state, but the weather bureau said there might be a break before morning, possibly in the bay region only, however.

PREPARE TO OPEN NAVAL DISCUSSION

(By Associated Press)
TOKIO, July 7.—According to information obtained here, ground is being prepared for formal negotiations with the United States and Great Britain regarding naval limitations.

DEMOCRATS OF HOUSE DENOUNCE MEASURE AS HUGE CONSPIRACY

GRAIN FUTURES BILL FAVORABLY REPORTED

(By Associated Press)
WASHINGTON, D. C., July 7.—Favorable report on the Cooper-Lincher bill to regulate future dealings on grain exchanges was ordered today by the senate agriculture committee.

INVESTIGATING STORY OF INDIAN CANNIBALISM

(By Associated Press)
FORT MURRAY, Alberta, Canada, July 7.—The Canadian mounted police have left here to investigate reports that starving Indians in the Caribou tribe have been eating human flesh. The report states that human bones were found showing evidence of cannibalism.

U. S. CONSUL CAN NOW OPEN SHOP IN FIUME CITY

(By Associated Press)
ROME, July 7.—The United States consul, Wilbur Keblinger, who was refused permission to reopen his office in Fiume in March last, would now be welcomed in that city, says Professor Riccardo Zanella, head of the Autonomist party of Fiume, which was victorious in the recent elections in that little state.

"It was a grave mistake when Consul Keblinger was sent away," said Professor Zanella. "We want him to re-establish his office in Fiume so that America can do business through that port."

Mr. Keblinger attempted to reopen his office in Fiume in March last. He was instructed to inform the provisional government of that city that his presence did not constitute recognition of the new government. The Fiume government in turn refused to recognize the American consul until the United States recognized the independence of Fiume.

Professor Zanella said that order had not yet been restored in Fiume which has been troubled for months by turbulent elements inherited from the regime of D'Annunzio. Within a month, he said, there had been seven assassinations, while more than 60 persons had been stabbed or shot. He expected that order would soon be restored.

The Autonomist party, said the professor, carried the recent elections in Fiume by 2 to 1 against the Annexationists. A constitutional assembly will shortly meet, which will be composed of 56 Autonomists and 18 Annexationists. During the functioning of the assembly a special commissioner will be appointed to administer the ordinary affairs of the city.

NAVY BALLOON C-3 EXPLODES

(By Associated Press)
WASHINGTON, D. C., July 7.—The naval blimp C-3 at the naval air station at Hampton Roads exploded today, burning and injuring four persons aboard, the navy department was informed.

(By Associated Press)
WASHINGTON, D. C., July 7.—Democratic members of the ways and means committee, in a minority report filed in the house today, denounced the administration tariff bill as a "conspiracy to benefit a few favorites at the expense of all humanity."

"Like every conspiracy, it had been hatched in secrecy," the report says. The report declares the tariff was not an issue in the last campaign, and this is not the time to write a tariff law July 21 was fixed by the house majority for a vote.

"We regard it as our solemn judgment that this measure is a plan to plunder the people of our own country and oppress the people of every country for the benefit of a few men who have succeeded in usurping for all practical purposes the taxing power of this government, using it primarily to enrich themselves and secondarily to finance a political party which tolerates, encourages and facilitates usurpation," the minority report said.

PROPAGANDA OF REDS CHASED BY GOVT. OF FRANCE

(By Associated Press)
PARIS, July 7.—The French government has taken the offensive against bolshevik propaganda in educational institutions. Leon Beaurard, minister of public instruction, was named a singular in which college professors and public school teachers are warned against the promulgation of extremist ideas in their work.

"Republican France," he says, "cannot look with indifference upon a propaganda that recommends violence and the suppression of universal suffrage, with the consequent annihilation of national representation and liberty."

It has been noticeable since the extremist agitation became active through France that the communist forces were recruited principally among youths and young men from 15 to 25 years of age. Some have inferred from this fact that boys did not come out of the public school or college with healthy ideas of government.

Some of the most violent extremists have been public school teachers.
